## *Art Work*

The Majestic is proud to feature art from Tom Krowl during the month of April.

Tom was born and raised in New York City. Although he has had no formal training, Tom discovered a love for the arts at a young age and is self taught. Tom joined the Navy in the 60's and is a retired Vietnam veteran. He and his wife, Darlene chose to retire in Washington State. Tom loves creating oil paintings and has many ideas inspired by all of the places he has lived and seen over the years. Tom also restores paintings, including the enormous "Lady in the Woods" piece at The Majestic which originated in 1889 from Manchester, England. He has several other pieces of work around Skagit Valley, and we are honored to be hosting his work here at The Majestic. Be sure to check out his beautiful work and join us for the next Monthly Art Walk on April 7th!

## *Employee of the Month*

Alia Rossi

Alia Rossi is our employee of the month. She was born and raised in Point Roberts, Washington. She moved to the islands 12 years ago. She was a certified nurse for 10 years before she came to The Majestic. She started working here in March of 2016 as she wanted to work for the best hotel in the area. She has truly climbed the ladder here. She began as a Front Desk Attendant, then became the Housekeeping Supervisor and now is the Front Desk Supervisor as well.
