September Artist: Caroline Garland

Art Walk is held on Friday September 7th from 6-9pm

Our artist of the month on display is Caroline Garland.

Caroline Garland is an award winning artist of Washington and Alaska, creating works in oil, acrylic, and pastel that reflect her appreciation of the beauty of the landscape. She pushes the limits of style to show old subjects in a new light. Her works are evocative and energizing.

She lived most of her life in Alaska painting en plein air and in studio.

Her work hangs in public buildings, as well as being part of juried museum and touring exhibits. She now lives in Anacortes, Washington and is a member of the Northwest Pastel Society. She has received a number of awards and commissions, including the Alaska State Council of the Arts 2% for Art, Artists in Residence, and Individual Artist Study Grant.

Although largely self taught, she has studied with master pastel artist Bill McEnroe, patiners Roz Farbush, Patti Raab, and Mike Svob.
